

BURN NEGRO AT STAKE

Assailant of White Woman
Cremated at Lansing, Tex.

PRISONER CONFESSES GUILT

Negro is Taken From Train by a Great Crowd of People, Chained to a Stake and Publicly Incinerated. Husband of Victim Applies Match.

Longview, Tex., May 23.—A man hunt, which had been in progress since last Saturday, ended yesterday in the burning at the stake of Dudley Morgan, colored, who assaulted Mrs. McKee, wife of a Texas section foreman, at Lansing, Tex. When it was learned that the negro had been captured and was being taken to Lansing, the excitement knew no bounds. Great crowds gathered at the Lansing switch, and arrangements were made to burn the negro. Just before 11 o'clock the train bearing the prisoner and his captors arrived in Marshall, and was met by a great crowd of people. Many boarded the train further down the road and when it arrived at Lansing every available place on it was occupied. Waiting at Lansing was another large crowd from Longview and the surrounding country.

The negro was not taken from the train on the side where the crowd was, and when the engineer started to pull out several Winchester were leveled at him and others of the train crew. They were told if they moved the train an inch they would all be killed. The prisoner was identified by Mrs. McKee and several negroes who worked on the section with Morgan. Mrs. McKee said they had the right man and the negro was escorted by about 200 men, armed with Winchester, to the place of execution. As he was chained to the stake, he made a statement, in which he implicated an other negro named Franklin Heard saying Heard was to get a part of the money which was to be stolen.

Morgan confessed as having committed the crime and was chained to a rail and railroad ties were taken from a fire already started to burn out his eyes. They held redhot, burning timbers to his neck and after burning his clothes off, tore parts of his body. The negro screamed in agony. He was tortured in a slow and painful manner, with the crowd clamoring for a slow death. The negro, writhing and groaning, begged piteously to be shot. Mrs. McKee was brought to the scene in a carriage, accompanied by four other women and an effort was made to get the carriage close enough for her to see the negro. The crowd, was so dense, however, that this was impossible. Persons held each other on their shoulders, taking turns about looking at the awful sight. The negro's head finally dropped and the ties were piled around and over him. In half an hour only the trunk of his body remained. As soon as the heat would permit, the crowd with long sticks began a greivous search for relics. Parts of his skull and body were gathered up by some and carried away. As the fire died down the crowd took the two men who first caught the negro and held them over their heads while they held their Winchester in their hands and were photographed. From the time the first fire was applied to the negro's body until the dying embers alone were left, the crowd shouted and cheered for the men who had captured the negro. Section Foreman McKee, husband of the woman assaulted, applied the match to the fagots. Many women were present from the surrounding country, but owing to the great crush they had very little opportunity to see the negro until the heat forced the crowd to widen the circle and the flames leaped over him.

Lynching Is Averted.

Carthage, Mo., May 23.—Will Jones, the Joplin negro accused of criminally assaulting Mrs. Parmeter of Webb City, was taken from the Webb City jail yesterday afternoon by the sheriff and a strong force of deputies to prevent his being lynched by a mob gathering at the jail. He was surrounded by officers, forced through the crowd, put in a carriage and driven to Carthage, where he was safely put in the county jail. Mrs. Parmeter called to identify the prisoner. Jones was lined up with two other colored prisoners in the corridor and the woman failed to recognize any one of the three as her assailant. Later the two farmers who frightened him away called and positively identified him as the one that ran from the woman as they approached in response to her cries. All danger of mob violence has passed.

Steamer Burns to Water's Edge.

New Orleans, May 23.—The steamer John K. Speed, lying at her wharf at the foot of Lafayette street, took fire yesterday afternoon, supposedly from alcohol stored in the hold, and quickly burned to the water's edge. The steamer and cargo are a total loss. A general fire alarm was turned in, but not before the wharves had taken fire and a very large section burned away. Fire engine No. 14, which was backed up near the water's edge slipped into the river. The loss, including the cargo and wharves, is fully \$75,000.

No Change in Miners' Strike.

Wilkesbarre, Pa., May 23.—The tenth day of the anthracite coal miners' strike passed off very quietly, not a single incident developing which would in any way tend to change the present situation.

NOTES TO REVISE THE CREED.

Presbyterian General Assembly Approves Report of Committee.

New York, May 23.—The general assembly of the Presbyterian church yesterday adopted the report of the committee on creed revision, making changes in the confession of faith. This action, which was practically unanimous, was taken with little or no debate. The changes proposed will now go to the various presbyteries for ratification. As was to be expected, the prospect of an interesting debate on creed revision attracted a crowd which filled the galleries solidly.

Rev. Dr. Henry Van Dyke, the moderator, before the hour set for consideration, spoke for a moment. "I want to plead that this discussion be carried on in the spirit of good fellowship. Have nothing either rushed through or delayed. The matter before us is a simple proposition. The assembly of 1901 appointed a committee to do a particular thing. What you have to pass on is not whether that certain thing should be done, but whether the committee has done it to your satisfaction."

CANADA-GULF ELECTRIC LINE.

Promoters Will Hold a Meeting in Des Moines on June 1.

Waterloo, Ia., May 23.—A double track electric railway from the border of Canada to the Gulf of Mexico will be a realization within the next few years, if the plans of a syndicate of the Mississippi valley, with Judge John Porter of Eldora, Ia., at the head, are carried out. The railway, according to present plans, will start near the Lake of the Woods and will follow the Mississippi valley to the gulf. Judge Porter was in Waterloo yesterday to get President Carr of the Waterloo and Cedar Falls Electric railway into the deal. He stated that the plans are practically assured. A meeting of the promoters, representing every state between Minnesota and the gulf, will be held at Des Moines, June 1, to perfect the organization. Judge Porter is one of the best known promoters of electric railways in Iowa and the middle west.

IOWA BANKERS ELECT OFFICERS.

Former Comptroller Dawes Addresses Des Moines Convention.

Des Moines, May 23.—Charles G. Dawes, ex-comptroller of the currency, yesterday addressed the State Bankers' association on "Asset Currency and Branch Currency." He took a position in opposition to both and in answer to a question, said he did not think it safe to retire greenbacks until something equally safe should be found to fill the vacuum and that he did not believe asset notes to be safe.

Homer A. Miller, cashier of the Des Moines Savings bank, was elected president of the association; L. F. Potter, Harlan, vice president; J. M. Dinwiddie, Cedar Rapids, secretary, and Frank Y. Locke, Sibley, treasurer.

It was the Rev. Mr. Seventy, the popular pastor of the Blank Avenue church, who was preaching a doctrinal sermon.—Chicago Tribune.

The Shock Too Severe.

"Did the coroner's jury ascertain what caused Bowersox's sudden death?"

"Yes. It appears that he received a plumber's bill in his morning's mail."

"But surely that did not kill him?"

"That wasn't it, but about noon the plumber himself called and said there was an overcharge in the bill that he wished to correct."—Detroit Free Press.

Rheumatism

The liniment bottle and flannel strip are familiar objects in nearly every household. They are the weapons that have been used for generations to fight old Rheumatism, and are about as effective in the battle with this giant disease as the blunderbuss of our forefathers would be in modern warfare.

Rheumatism is caused by an acid, sour condition of the blood. It is filled with acid, irritating matter that settles in the joints, muscles and nerves, and liniments and oils nor nothing else applied externally can dislodge these gritty, corroding particles. They were deposited there by the blood and can be reached only through the blood. Rubbing with liniments sometimes relieve temporarily the aches and pains, but these are only symptoms which are liable to return with every change of the weather; the real disease lies deeper, the blood and system are infected. Rheumatism cannot be radically and permanently cured until the blood has been purified, and no remedy does this so thoroughly and promptly as S. S. S. It neutralizes the acids and sends a stream of rich, strong blood to the affected parts, which dissolves and washes out all foreign materials, and the sufferer obtains happy relief from the torturing pains.

S. S. S. contains no potash or other mineral, but is a perfect vegetable blood purifier and most exhilarating tonic. Our physicians will advise, without charge, all who write about their case, and we will send free our special book on Rheumatism and its treatment. THE SWIFT SPECIFIC CO., Atlanta, Ga.

Caution

This is not a genteel world—but when you think how liable you are not to purchase for 75c the only remedy universally known and a remedy that has had the largest sale of any medicine in the world since 1865 for the cure and treatment of consumption and throat and lung troubles without losing its great popularity all these years, you will be thankful we called your attention to Boschee's German Syrup. There are so many ordinary cough remedies made by druggists and others that are cheap and good for light colds perhaps, but for severe coughs, bronchitis, croup—and especially for consumption, where there is difficult expectoration and coughing during the nights and mornings, there is nothing like German Syrup. Sold by all druggists in the civilized world. G. G. GREEN, Woodbury, N. J. A. H. Kiebau.
